

1

Measure this bar 3" 10cm

! If this bar does not measure 10cm you WILL receive the wrong size shoes.

Does this bar measure 3"/10cm? If it doesn't check your print settings. Make sure 'Fit to page' is disabled and scaling is set to 100%. Select 'Actual Size' if you see this option available.

2

Fold page on the dotted 'HEEL STOP' and place on a hard flat floor. Position the fold against a wall.

3

Stand straight and measure the length of both feet. Children with long feet can use the Adult/Women's length.

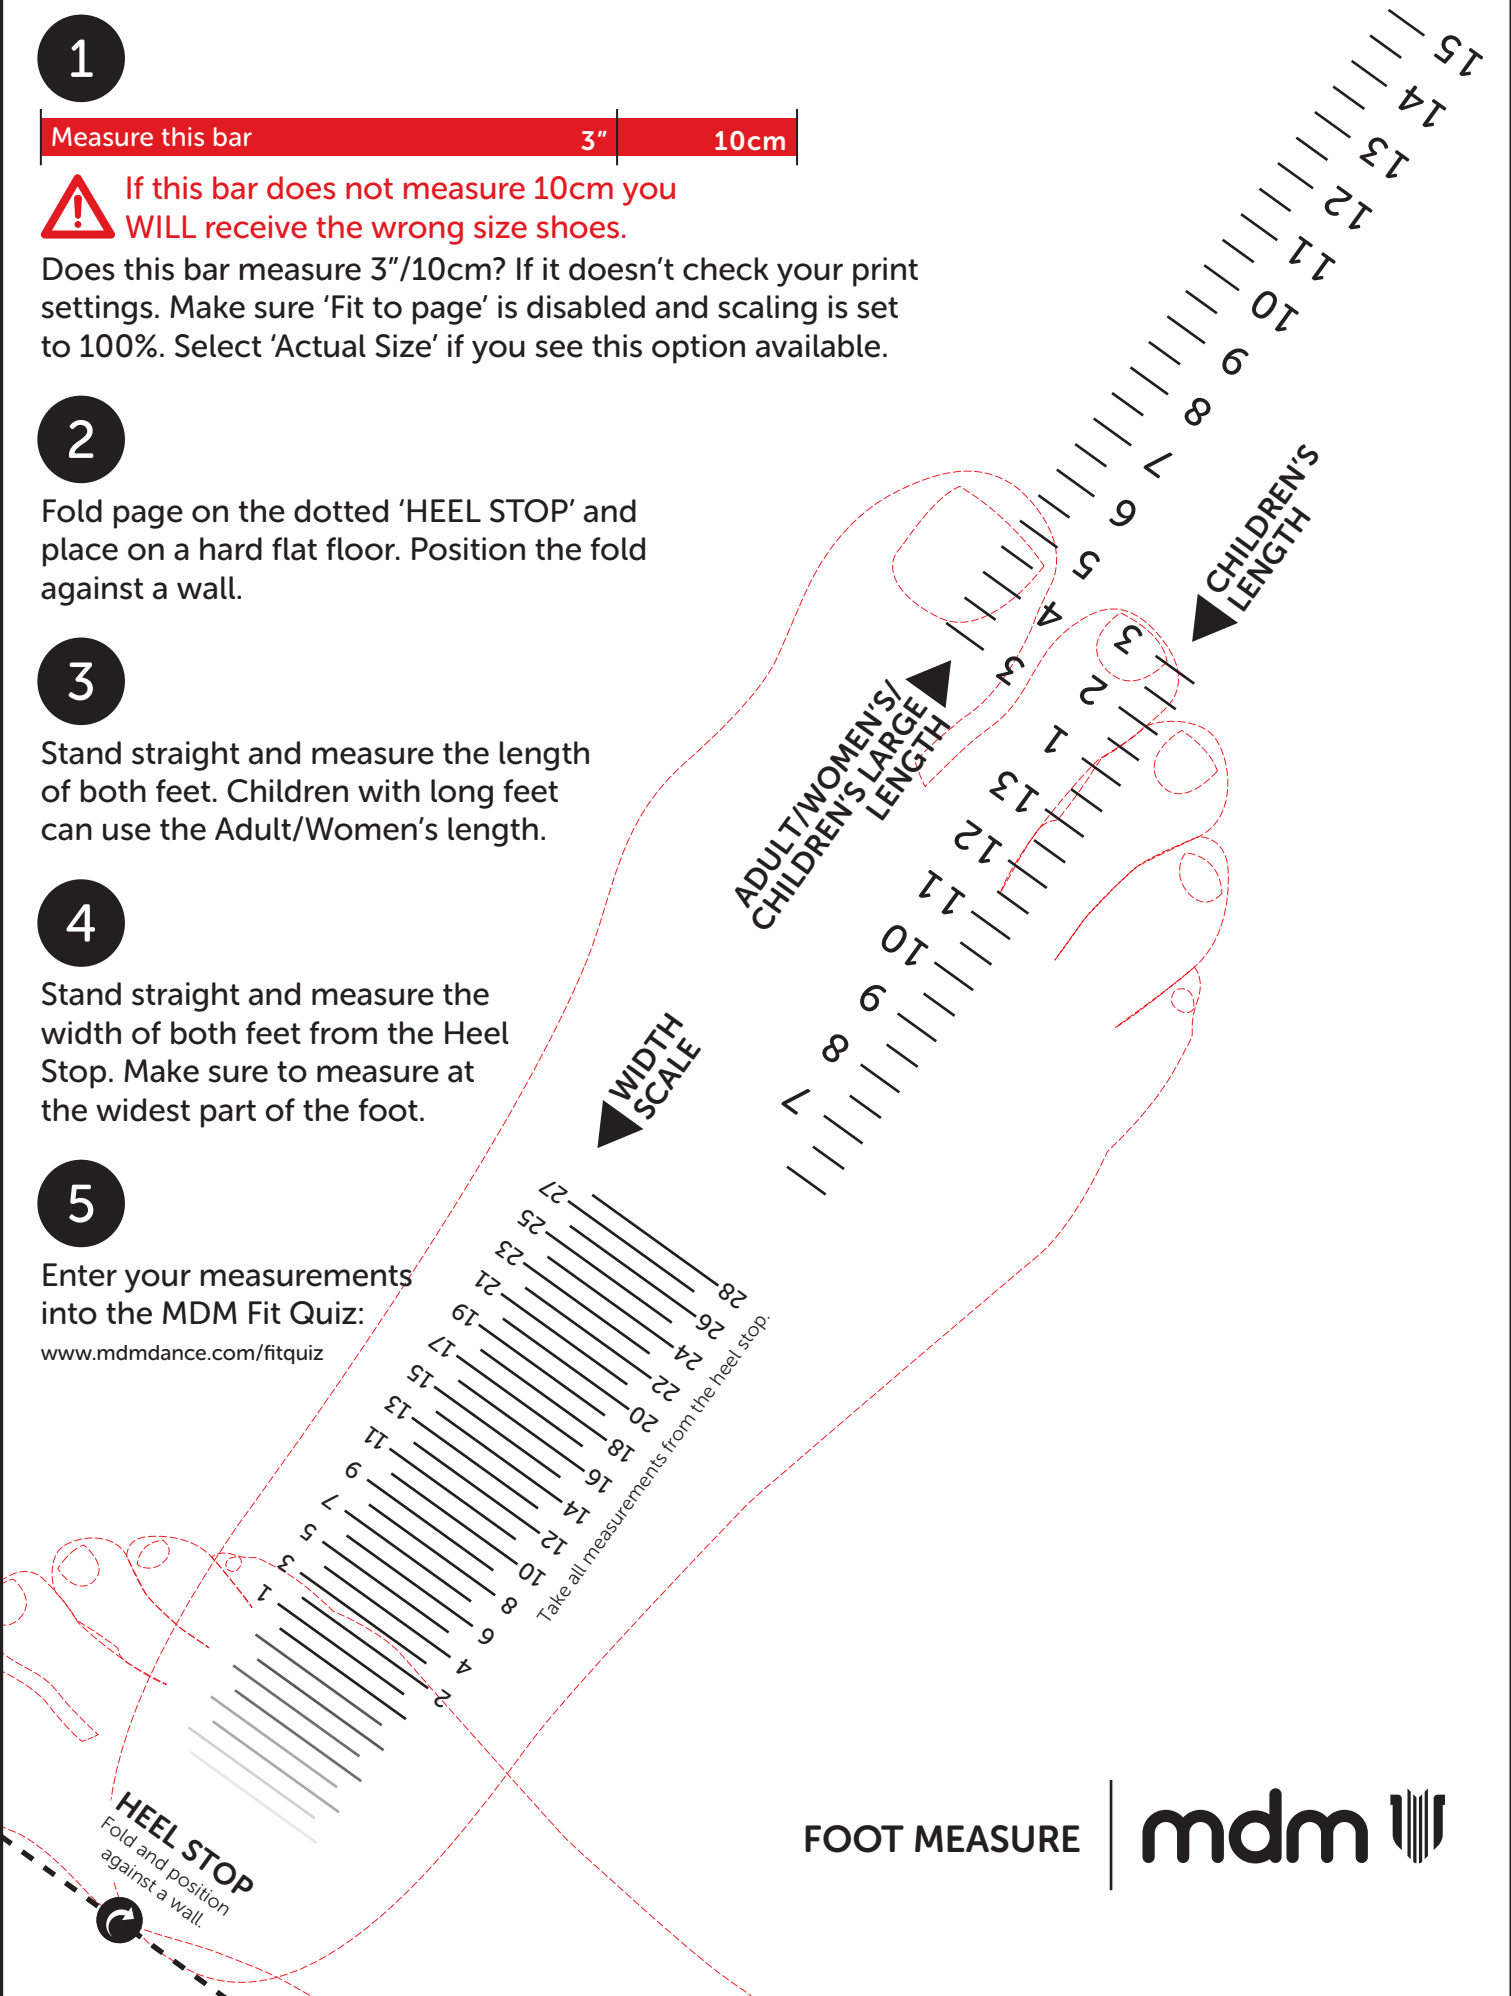

4

Stand straight and measure the width of both feet from the Heel Stop. Make sure to measure at the widest part of the foot.

5

Enter your measurements into the MDM Fit Quiz:
